Departmental Annual Report - 3

Departmental Activities: Curriculum and Beyond

Department: Chemistry

Academic Year: 2024-2025

Part A.1

Students undertaking project work/field work/internship as part of experiential learning component of coursework

Program name	Program code	Name of the Course that include experiential learning through project work/field work/internship	Course code	Year of offering	Name of the student studied course on experiential learning through project work/field work/internship

9	ADITI SHARMA	CONTENT WRITER	UPCOMING ENGINEER	Dear Aditi, We are thrilled to offer you an internship position as a Content Writer at Upcoming Engineer. We were very impressed with your writing skills, your passion for writing, and your enthusiasm to learn during the interview process. About the Internship This internship is a fantastic opportunity for you to gain valuable experience in the field of content creation. You will work to develop engaging and informative content targeted towards our target audience. Your responsibilities will include: - Researching and writing blog posts, articles, and other content related to engineering and technology. - Creating compelling and informative product descriptions - Assisting with social media content development for our engineering audience. - Learning about the latest trends in engineering and technology content creation. Mentorship and Development During your internship, you will be mentored by Rahul Raghav. He will provide you with guidance and support throughout your internship and help you develop your content writing and technical communication skills. We are confident that this internship will be a valuable learning experience for you and provide you with the skills and knowledge you need to succeed in future. Next Steps To accept this offer, please sign and return a copy of this letter by 7th July 2024. We look forward to welcoming you to the team! Thanks & Regards Vikash Kumar Founder, Upcoming Engineer
