An Adventurous Walk to Shahjahan's Red Fort (Lal Quila):

Date : 12.1.2023

The walk to Lal Qila was organised by adventure club of Miranda House on January 12, 2023 at 10:00 a.m. There were 14 students and 2 teachers. We started our walk from Chandni chowk metro station. We were accompanied by Ruchi ma'am and Vijay sir. They guided us throughout the walk narrating the historicity of the places where we walked. We saw many shops which were 100 years old. Sir told us that Chandni chowk is also known as "moonlight square". It is one of the oldest and busiest markets in old Delhi which was designed by Shah Jahan's daughter Jahanara. At Lal Qila we saw Lahori Gate Chatta Chowk Bazaar (Covered Bazaar), Naqqar Khanah (Drum Room), Dault Khanah-i Khas-c-am (Public Audience Hall), Daulat Khanah-i Khas (Private Audience Hall), Diwan-e- aam, Hammam (Bathroom), Hayat Baksh Garden (Life-giving Garden), Mahtab Bagh Garden, Diwan-1- Amm (Public Audience Hall) is also known as Iwan-I Dawlal Khana-I Khass-o-Amm and Iwan-I Chihil Sutun (a 40 pillared hall), Jharokah-i-Darshan (an everyday practice of the King's appearance in public). After this knowledgeable and adventurous walk, we returned home. We developed greater insight about the historicity of Lal Qila from the walk.

Tempest 22-23:

Date: 14.4.2023 - 15.4.2023

The Adventure Club Society of our college organised a thrilling adventure camp at Miranda House itself. The event was aimed at promoting outdoor activities and enhancing physical and mental

abilities, encouraging them to push their limits and overcome their fears. The adventure camp had two types of activities for participants to choose from, zip-lining, and zorbing. Each activity was designed to challenge the participants physically and mentally.

Zip-lining: The zip-lining activity was the most exciting and thrilling of all. Participants were harnessed to a cable and launched from a platform, gliding over the second floor at high speed. The activity was well supervised, and safety precautions were strictly followed.

Zorbing: The recreation or sport of rolling downhill inside an orb, typically made of transparent plastic. This activity was also well supervised, and safety precautions were strictly followed.

The Adventure Club society of the college organised a fantastic adventure camp that was enjoyed by all the students. The camp helped the students to overcome their fears, build confidence, and develop team spirit. The students also got an opportunity to explore the beautiful nature and create memories that they will cherish for a lifetime. The Adventure Club society of the college should be commended for organising such successful and memorable adventure camps.
