

# Enactus Miranda House Annual Report- 2025

Society- Enactus

Student Office Bearers- President- Pavya Singh [BA(Hons) Economics]

Vice President- Bhavika Yadav [BA(Hons) Economics]

Staff Advisors- Convenor- Dr. Malabika Pal

Prof. Kusuma Krishna Subha

Enactus Miranda House is a student-led social entrepreneurship society that uses innovation and business principles to address social and environmental challenges. We create sustainable, community-driven solutions while developing leadership and entrepreneurial skills.

In 2025, we proudly hosted Inspire India, a panel discussion highlighting the vital link between enterprise and entrepreneurship, featuring distinguished speakers like Harshita Singh(Consultant at the Ministry of Youth Affairs & Sports), Priya Gupta(Senior Assistant Director of International Affairs at FICCI), Chinuu Kwatra (Founder of Khushiyaan Foundation), Prof. Major General Dr Dilawar Singh (Co-President of Global Development Bank).

Currently we have 5 ongoing projects:

**Project Nitara** - Replacing styrofoam and bubble wrap with packaging made out of mycelium and agricultural stubble

- Ideas to Impact (i2I) – IIT Madras | Supported by Wipro Foundation Project Nitara was selected among the **Top 10 teams** at the national level in Ideas to Impact (i2I), a nation-wide sustainability and circular economy innovation competition. The team received **₹1 lakh in prize money**, along with mentorship and research opportunities at IIT Madras, and qualified for the Carbon Zero Challenge (CZC).
- Design for Bharat – Viksit Bharat Young Leaders Dialogue (2025)  
The competition followed a state-to-national selection process focused on youth-led innovation for Viksit Bharat @2047. Nitara **won the state-level championship**, earning the opportunity to **represent Delhi at the national level**.
- National Finalists - Envision 2025, IIT Roorkee
- National Finalists - Pitchers Genesis (2025)
- National Finalists - Udgam: Innovation meets Impact, Business Plan Competition for Vikshit Bharat (2025)

**Project Dharang** - Pioneered around stopping the use of single use plastic through our tote bags, we now begin to take more technologically advanced steps in reducing textile waste

- Gross sales over Rs. 1,00,000 in the year 2025

- Introduction of paper made from 50% textile waste - 2025
- Collaborated with various societies and departments like the Political Science Department, Sociology Department, Ritva, etc.

**Project Ikhtihaar** - Turning coffee waste into eco friendly coffee coal and clay products reducing landfill burden, greenhouse gas emissions and preventing cancer causing genetic mutation

- Won the BRICS Youth Council Entrepreneurship Initiative, Idea Competition, awarded Rs 20,000 (2025)
- Qualified for the direct interview round of the ISB ivi Youth Venture program (2025)
- Official Partnership with Coffee Up Cafe and Sardaar Ji Baksh Cafe
- Currently competing for Mentorship Program under IIT Kharagpur

**Project Riwayat-** Launched in 2025, it focuses on using discarded fabric waste and turning them into durable, lightweight, and eco-friendly bricks. These bricks reduce landfill pressure, offer thermal insulation, and support green construction.

- Semi Finalist (top 20 teams) in Early Stage Projects at Enactus India National Exposition 2025
- National Semi Finalist- Avant Garde 2025, IIM Indore
- Official Partnership with Nefs Finds for sourcing of discarded fabric waste
- Finalising prototype for the eco bricks

**Project Noorani** - Crafting sustainable organic dyes using biotechnology

- Launched two products in 2025 and are currently working on a separate product line featuring five new launches.
