#### Part A.1

#### Events/Seminars/conferences/workshops/Extension Activities organized

Established with a vision to promote friendly relations and cultural exchange among international as well as host students of the college, FSA Miranda House is the platform for all its foreign students. It encourages them to voice their concerns, opinions and ideas, and organize intercultural activities, thereby, encouraging cultural immersion while also creating a sense of community and shared sense of purpose

Our objective is to create a secure and enabling environment for the often-isolated foreign students and to Connect and celebrate diversity.

Our activities include:

- Assisting new international entrants
- Providing resources for future applicants
- Holding sessions to improve language and communication skills of foreign students
- Building strong alumni network
- Cultural programs and excursions to historical and culturally significant monuments
