

# NTU Winter School in Sustainable Chemistry (3 days)

organized by

***Nottingham Trent University, UK***

in collaboration with

***Hindu College, Kirori Mal College and Miranda House,  
University of Delhi***

**Jan 08- Jan 14, 2026**

**Time: 9:00-5:00PM**

**Limited seats**

## ***Highlights***

- In-person workshops and lectures by NTU staff
- Live virtual demonstrations and talks streamed from NTU's laboratories
- Hands-on and virtual exposure to state-of-the-art analytical techniques
- Hybrid interactive Q&A sessions with NTU academics
- Networking with UK academics & researchers

## ***Core Themes***

- Sustainability in Chemistry
- Green Synthetic Methods
- Advanced Analytical Techniques
- Characterisation & Data Interpretation
- Research Pathways at NTU

## ***Resource Persons***

- **Dr. Warren Cross** (Principal Lecturer and Chemistry Course Manager, NTU)
- **Dr Muriel Funck** (Sr. Lecturer Forensic Biology, NTU)

***Eligibility-*** Third and fourth year UG Science students with Chemistry as major/minor

***Registration Fee-*** INR 1000

***For Registration check college website***
