

Disclaimer

It has come to the notice of the college that certain private formations are holding programmes/webinars and seeking financial contributions from public posing as a formal unit of Miranda House and using the logo of the college in their pamphlets/fliers/ social media platforms.

It is hereby clarified and brought to the notice of all that the college has neither authorised holding of any such event and fund collection nor the unauthorised use of its logo for such events by private entities. The formations which are claiming to be a unit of the college are also not officially recognised.

Public is advised to check on the college website for the authenticity of such formations and events. The formal bodies/departments/societies of the college which are specifically listed on the college website are the only ones which have official endorsement of the college. The college remains responsible for the programmes organised by only such officially endorsed entities.

The standard procedure for obtaining permission for the organisation of any programme or any fundraising event is through the faculty convener of society/ teacher-in-charge of the Department and with the final approval by the Principal of the college. The “Give to Miranda” link on the college website (<https://www.mirandahouse.ac.in/givetomiranda.php>) is the only link through which contributions/donations are officially accepted by the college.

The college takes no responsibility for the events being organised or funds being collected by the entities self-declaring themselves as a unit of the college without its specific approval/endorsement or for using the logo of the college in an unauthorised manner. The authenticity of such claims must be verified by visiting the official website of the college, i.e. <https://www.mirandahouse.ac.in/>
