Dear Students,

Greetings from the Dean Examinations!

I know some of you may have faced a problem while filling the examination form, but our team is working day and night to resolve your issues.

Till now over 67000 students have filled the examination form.

We noticed that some of the students have finished the Course selection part where a student selected the course which he/she is studying but forgot to click on the examination form command button or examination form link.

Please follow the following steps for filling up your examination form (see the attached PDF for clarity).

First login to your portal from the link

https://slc.uod.ac.in/

First select the course by clicking "For Course(s) Selection".

After course selection is done you have to go 'For Examination Form' link (see the attached PDF again). Just click on it and pay fee and submit.

You are done with your examination form filling process.

The form you submitted will be checked by your college and will verify your details. If you missed to select a correct paper or a wrong paper is selected. Get in touch with your college where you can get your paper added/corrected and the same will be reflected under your on your Dashboard.
