### Internal Academic Audit Observations & Suggestions

**Department: Philosophy**

**Academic Year: 2020-21** (from 1 July 2020 to 30 June 2021)

#### Observations:

1. In order to help students and faculty to deal with stress because of ongoing pandemic, the Department organised motivational online lectures like 'The Happitude Class' and 'Rejuvenating Minds'. Similarly, webinars on the theme of 'The Significance of Values in the Times of Crisis' were organized to encourage students to maintain the normalcy of their life and routine.
2. Mentor-Mentee scheme was strengthened to connect to students for their emotional crisis during the pandemic.
3. The Department offers Add-on course regularly.

#### Suggestions:

1. The Department can increase its engagement with UG research by offering summer projects to students.
2. The Department should device ways of reaching out to its students so that their progression can be more robustly documented.

A handwritten signature in black ink, reading 'Nisha', with a horizontal line underneath it.
